Correspondence in connection with the Royal Infirmary should be addressed to the General Superintendent and Secretary, the Royal Infirmary, Sheffield, 6.

ROYAL SHEFFIELD INFIRMARY AND HOSPITAL.

The Court of Management has pleasure in presenting its Fourth Annual Report for the year ending 31st December, 1942.

Chairman and Deputy-Chairman.—With the operation of the interchange of these offices, Mr. Fred M. Osborn was unanimously elected Chairman for the year and Sir Ronald W. Matthews, Deputy-Chairman.

Treasurer.—Mr. Stuart C. Goodwin was re-elected Treasurer.

Members of the Court.—The death of Mr. Arthur D. Barber is recorded with deep regret. He was keenly devoted to the work of the Voluntary Hospitals and was Treasurer of the Royal Hospital for 17 years.

22502910516

The resignation of Alderman Frank Thraves, J.P., owing to pressure of work and recent indisposition was accepted with regret. The Court places on record its thanks to Alderman Thraves for advice and counsel so freely and generously given.

Mr. James Hardman, F.R.C.S., joined the Court as a representative of the Honorary Medical and Surgical Staff.

Paying Patients.—The Court has authorised the Honorary Staff to admit cases requiring special investigation or treatment which is not now adequately provided elsewhere, and who are financially able to pay the full cost while in the Institution.

Sheffield School of Nursing.—Representatives of the Court and the Jessop and Children's Hospitals have, during the year, met under the chairmanship of the Dean of the Faculty of Medicine, Professor G. A. Clark, and prepared a scheme for establishing a School of Nursing to embrace the four Sheffield Voluntary Hospitals. Their final recommendations, which include a residential preliminary training school, have been approved. The possibility of putting the scheme into operation during the war is being explored.

Fracture Cases and Rehabilitation.—To ensure the earliest possible return to work of cases of fracture is of value at all times; and doubly so in this fourth year of war. With this in view representatives of the Court of Management have been in consultation with the Ministry of Health Hospital Officer and the Trustees of the George Woofindin Convalescent Home, and have decided to extend the present Fracture Clinics by adding a rehabilitation centre. In-patients will be treated at the George Woofindin Convalescent Home and out-patients at both the Infirmary and Hospital. Accommodation has been found and the necessary apparatus and staff is being obtained.

The practical co-operation with, and assistance from, the Trustees of the George Woofindin Convalescent Home in the recovery of this class of patient cannot be too highly valued. Modern practice aims at the rehabilitation and restoration of the injured to a state of usefulness and refuses to be content with a mere state of existence. To this end by suitable and sympathetic treatment all patients must be made to realise they are "convalescent" and not "chronic." Further each patient must be under the same surgeon continuously from the earliest treatment of the injury until cure. In this co-operation the Woofindin Trustees feel they are fulfilling their obligations to the Convalescents, and they are doing a work of great value for the injured and the country.

Graves Institute of Radio-Therapy.—The Court is pleased to place on record their great appreciation of the magnificent gift of Alderman J. G. Graves, I.L.D., J.P., of £100,000 for the erection, after the war, of a new Institute for Radium and Radio-therapeutic treatment. The opportunities this great gift opens up will benefit not only those residing within the boundaries of Sheffield but from an area covering a wide district, and the further research which will be made possible will contribute to a problem which is world wide. The Institute will be part of the new hospital centre to be built as soon as happier circumstances permit and will be worthy of the highest ideals.

Dr. Frank Ellis.—It is a matter both of pleasure and regret that the Radium Centre, so closely associated with our work, is to lose the services of its first Director, Dr. Frank Ellis, M.Sc., M.B., Ch.B., F.F.R., D.M.R. The pleasure is that he has been thought worthy of appointment to the London Hospital as Director of the Department of Radio-Therapy, one of the most important positions in the profession. The regret is caused by the loss to Sheffield and district of a skilful, loyal and indefatigable worker. He takes with him our best thanks for past services and sincere good wishes for his future.

New Hospital.—The plans of the new hospital, including the details for the special departments, viz., Radium, Dental, Edgar Allen and Orthopaedic, have been considerably advanced so that when opportunity offers an early start may be made with the building.

Uniformity.—The amalgamation of two large general hospitals both established more than one hundred years ago is not by any means complete when the Act of Parliament uniting them receives the Royal Assent and the formal elections and appointments have been made. There then commences the task of establishing uniformity in the units which is a gradual process but nevertheless essential to efficient management. The Court has devoted considerable time to this aspect of its work and will continue to do so as opportunity offers.

Laundry Staff.—In order to retain the staff of the laundries the Court's application to be scheduled under the Essential Works Order has been granted.

British Hospitals Association.—In company with the other voluntary hospitals of the city consideration has been given to the First Interim Report of the Hospital and Contributory Scheme Income Limits Sub-Committee. The Sub-Committee was appointed by the Council of the Association with the primary object of advising the Council on the matter of policy arising out of the extension of the income limit under the National Health Insurance Acts to £420 per annum.

School of Radiography.—Three pupils completed their training and were successful in passing the Part II examination. They became members of the Society of Radiographers. Seven sat for Part I in November and all were successful. Six new pupils joined, making the total 16.

Accommodation.—The Royal Sheffield Infirmary and Hospital has the following accommodation for patients:—

At the Royal Infirmary	220	beds.
At the Royal Hospital	197	"
At the Fulwood Annexe and Zachary Merton Convalescent Home	105	"
At Firbeck Hall (by the kindness of Cyril A. Nicholson, Esq.)	75	"
At High Wray (by the kindness of Mrs. Bayldon Barber)	25	"
At Buxton (by the courtesy of the Devonshire Royal Hospital)	42	"
At the Woofindin Convalescent Home (by the courtesy of the Trustees) for orthopaedic cases	74	"
								738	beds.

Thanks.—The Court of Management thanks sincerely all who have during the year contributed in any way to the support of the two unit hospitals, and expresses the hope that the ever open doors which the hospitals maintain and their immediate readiness to cope with any emergency will ensure them funds in generous measure to carry on during these war years without the anxiety of having to curtail the work or borrow to meet daily needs. This opportunity is taken to record the Court's appreciation of all the loyal and unselfish services rendered by the staff and a host of friends who have helped the institutions during times of great difficulty and pressure.

The Royal Infirmary, Sheffield.

The One Hundred and Forty-Fifth Annual Report,

for the Year ended 31st December, 1942.

The Board of Management of the Royal Infirmary Unit of the Royal Sheffield Infirmary and Hospital have the pleasure to present their One Hundred and Forty-Fifth Annual Report and Statement of Accounts for the year ended 31st December, 1942. Due to the continuance of War conditions, the Report is again in abridged form.

The following deaths are recorded with profound regret :—

Obituary

Sir William E. Hart, O.B.E., who served on the Board from 1927 to 1936, and rendered notable service in many ways to the Voluntary Hospital movement in the City.

Mr. W. Arthur, who was a Member of the Board from 1933, and performed much valuable work, especially as Chairman of the Convalescent and After-Care Committee for five years.

Mr. Adolphus Stagg, who was in the employ of the Board from 1889 to 1936, during which period he was Head Porter for 36 years.

The total number of In-Patients admitted to the Royal Infirmary and its Auxiliary Hospitals was 7,994. Details are :—

**Work of
the Year
In-Patients**

		Average Daily Bed Occupation
Royal Infirmary	5,791	206
Firbeck Hall Auxiliary Hospital ...	801	72
George Woofindin Convalescent Home	543	62
Devonshire Royal Hospital, Buxton ...	513	36
Wharncliffe Emergency Hospital ...	346	—

Particulars are given below of Out-Patients treated in the various Departments :—

Out-Patients

	Medical	Surgical	Ophthalmic (including Orthoptic).	Ear, Nose and Throat
New Cases	4,609	4,834	10,741	4,194
Attendances	10,916	10,168	33,452	10,782
	Orthopædic	Dermat- ological	Venereal Diseases	X-Ray
New Cases	2,084	5,565	356	11,950
Attendances	5,343	24,283	9,397	19,864
	Massage	Dental	Chiropody	
New Cases	1,666	67	80	
Attendances	53,306	—	352	

26,682 patients were treated in the Casualty Department during the year, and the attendances totalled 91,973.

Casualties

**Five Years'
Review**

The following Table shows details of the work carried out during the past five years.

	IN-PATIENTS ADMITTED DURING THE YEAR (INCLUDING AUXILIARY HOSPITALS).						Out-Patients	Casualties
	General Medical	General Surgical (including Radium)	Orthopædic and Fractures	Ear, Nose and Throat	Ophthalmic	TOTAL		
1938	1,800	3,399	684	704	722	7,309	40,486	20,307
1939	1,370	2,963	647	545	641	6,166	37,669	20,343
1940	1,298	3,956	707	438	633	7,032	38,265	22,873
1941	1,065	3,312	1,347	454	642	6,820	38,333	24,208
1942	1,307	3,725	1,571	541	850	7,994	45,292	26,682

	OPERATIONS PERFORMED (INCLUDING AUXILIARY HOSPITALS).						Laboratory Investigations.
	General Surgical (including Orthopædic and Radium)		Ear, Nose and Throat		Ophthalmic		
	In- Patients	Out- Patients	In- Patients	Out- Patients	In- Patients	Out- Patients	
1938	3,494	2,088	626	1,992	467	157	24,129
1939	2,987	2,172	495	829	423	187	19,773
1940	4,101	3,450	350	853	412	208	17,519
1941	3,761	3,825	412	1,103	422	200	15,967
1942	4,203	4,653	498	1,723	614	232	19,363

**Board of
Management**

At the close of the year under review, Mr. F. Thraves and Mr. W. T. Kitching tendered their resignations, and the Board desire to record sincere appreciation of the services rendered by these gentlemen during their periods of office.

**Honorary
Medical
Staff**

The Board again record their appreciation of the invaluable services rendered by the members of the Honorary Medical and Surgical Staffs.

The arrangements made for the use of Firbeck Hall, the George Woofindin Convalescent Home and the Devonshire Royal Hospital, Buxton, as Auxiliary Hospitals and for facilities at Wharnccliffe Emergency Hospital to be available for certain fracture cases, have continued in force throughout the year. The Board are grateful to those who have made the arrangements possible.

**War
Measures**

To enable the growing number of accident cases, particularly those requiring orthopaedic treatment, to be speedily dealt with, internal re-arrangements are being carried out at the Royal Infirmary with a view to providing increased accommodation for the Orthopaedic Department and, to ensure the early return of such cases to employment, their rehabilitation is to be undertaken at the Woofindin Home.

In June, 1941, at the request of the Medical Research Council, a centre for research in the treatment of burns was started at the Royal Infirmary, under the direction of one of the Honorary Surgeons. This has since been extended to include the Royal Hospital, the City General Hospital and the Children's Hospital, so that now the treatment of burns in the city can be carried out on a definite system, as it is only by this means that it is possible to find the best way of treating the various types of burns.

**Burns
Centre**

The financial position for the year 1942 is clearly set out on pages 10 and 11. The total ordinary income of the Hospital for the year amounted to £141,407 6s. 1d., being the largest income on record, due in large measure to the increased contributions received from the Sheffield Hospitals Council Contributory Scheme.

Finance

The sum of £27,000 has been added to the Suspense Account, which now stands at £61,048 5s. 9d. This account was opened in 1940 to deal with arrears of maintenance and to act as a reserve fund for any loss of income there may be in future years.

The Board of the Royal Infirmary are deeply indebted to those who remember the needs of this old Institution by providing for the furtherance of our work by benefactions both large and small.

A table showing the Income and Expenditure during the past five years under the various headings is set out on page 14.

The Board acknowledge with gratitude receipt of the following Legacies, etc., from the Executors of:—

NOTE.—The Liabilities and Assets of this Unit (including the Subsidiary Funds) were taken over as from 1st January, 1939, by the Royal Sheffield Infirmary and Hospital. The Investments and Properties are now owned by that Corporation.

We have audited the above Balance Sheet, dated 31st December, 1942, and the accompanying Income and Expenditure Account with the Books and Vouchers relating thereto, and certify the same to be in accordance therewith, subject to the following comments:—

- No amounts have been received this year from the Government in respect of Beds reserved for War Casualties.
- The costs appertaining to these Beds have been included in Ordinary Expenditure.
- Claims against the Ministry of Health E.M.S. to 31st December, 1941, total £51,749 19s. 4d., of which £30,102 7s. 9d. had been received up to the 31st December, 1942. The Balance outstanding of £21,647 11s. 7d. has not been included in these Accounts.
- The sum of £27,000 has been placed to Suspense Account for the purpose of dealing with arrears of maintenance and as a Reserve Fund towards any loss of Income there may be in the future.
- The Investments have been verified by us.

Sheffield Hospitals Council

The total sum received from the Sheffield Hospitals' Council during the past year amounted to £116,605 14s. 3d., as compared with £101,298 1s. 4d. in 1941. The generosity and goodwill of the contributors to the "Id. in the £" Scheme, whose efforts have produced such a splendid result, are greatly appreciated by the Board. To the Council, Members of the Contributory Scheme, the Executive Committee of the Contributors' Association and the Works, Ward and District Committees, the Board tender sincere thanks.

Hospital Sunday Fund

Gratitude is expressed for the sum of £1,008 allocated to the Royal Infirmary from the Hospital Sunday Fund in 1942. The amount shows an increase of £96 on that received in the previous year and the Board's thanks are tendered to the Hospital Sunday Committee, the Clergy and Ministers and to all who in any way assisted in the effort.

Alexandra Rose Day

The Board extend grateful thanks to the Alexandra Rose Day Committee, the Nursing Staff and to all who contributed to the collection on Alexandra Rose Day, 1942. The amount received by the Royal Infirmary was £1,006 14s. 1d., as compared with £861 10s. 5d. in 1941.

Ladies' Working Association

Once more the Board pay tribute to the continued efforts made by the Ladies' Working Association, whose members have provided in 1942, 1,374 articles to the value of £121 11s. 6d.

The Board are again indebted to the ladies who have throughout the year, voluntarily carried out the duties of staffing the Canteen.

Canteen

In January, 1942, payment was received of the Legacy of £1,000 bequeathed by the late Mrs. Nall, of Psalter Lane, Sheffield, and in accordance with the terms of her Will a Bed (in Ward No. 2) has been endowed in memory of her husband, the late Mr. Edwin Nall.

**Endowment
of Beds.**

In October, 1942, Mrs. Lawrence, of Hathersage, gave to the Board a donation of £1,000 for the endowment of a Bed in memory of her husband, the late Mr. Geo. H. Lawrence. A Bed in Ward No. 5 has been so endowed, and the Board's sincere thanks are tendered to Mrs. Lawrence for her generosity.

The Board place on record their appreciation of the many gifts of old linen plans which have been received during the year. After washing, these plans provide linen which is of considerable value for making bandages, dressings, jug covers, tea bags, operating theatre masks and other articles, and further gifts would be welcomed.

**Gifts of
Linen Plans**

Gifts of fruit, eggs, and flowers are of real value, and to those who have been kind enough to send offerings of this nature the Board extend cordial thanks.

Gifts in Kind

The Board wish to record their appreciation of the admirable manner in which the General Superintendent and Secretary, the Matron and all members of the staffs, administrative and nursing, have performed their duties during a period of great difficulty.

**General
Thanks**

The Board desire to express their gratification at the generous support received from so many during the past year, arranging collections, sending donations, gifts in kind, or by some personal service. In an abridged report it is impossible to record thanks individually to all those who in one form or another have enhanced the work of this large and ancient Charity. The Board are most appreciative of the time and energy given by a large number of loyal supporters.

On behalf of the Board of Management,

RONALD W. MATTHEWS,

CHAIRMAN.

February, 1943.

Gifts of VEGETABLES, FRUIT, EGGS, etc.

GIFTS OF VEGETABLES, FRUIT, EGGS, etc., are of real value to the Royal Infirmary, resulting as they do in the saving of many pounds annually.

Such gifts will be most gratefully accepted and may be sent to the Matron or to the General Superintendent and Secretary.

For the benefit of Donors who have no means of transport, gifts will be collected upon application being made to the General Superintendent and Secretary.

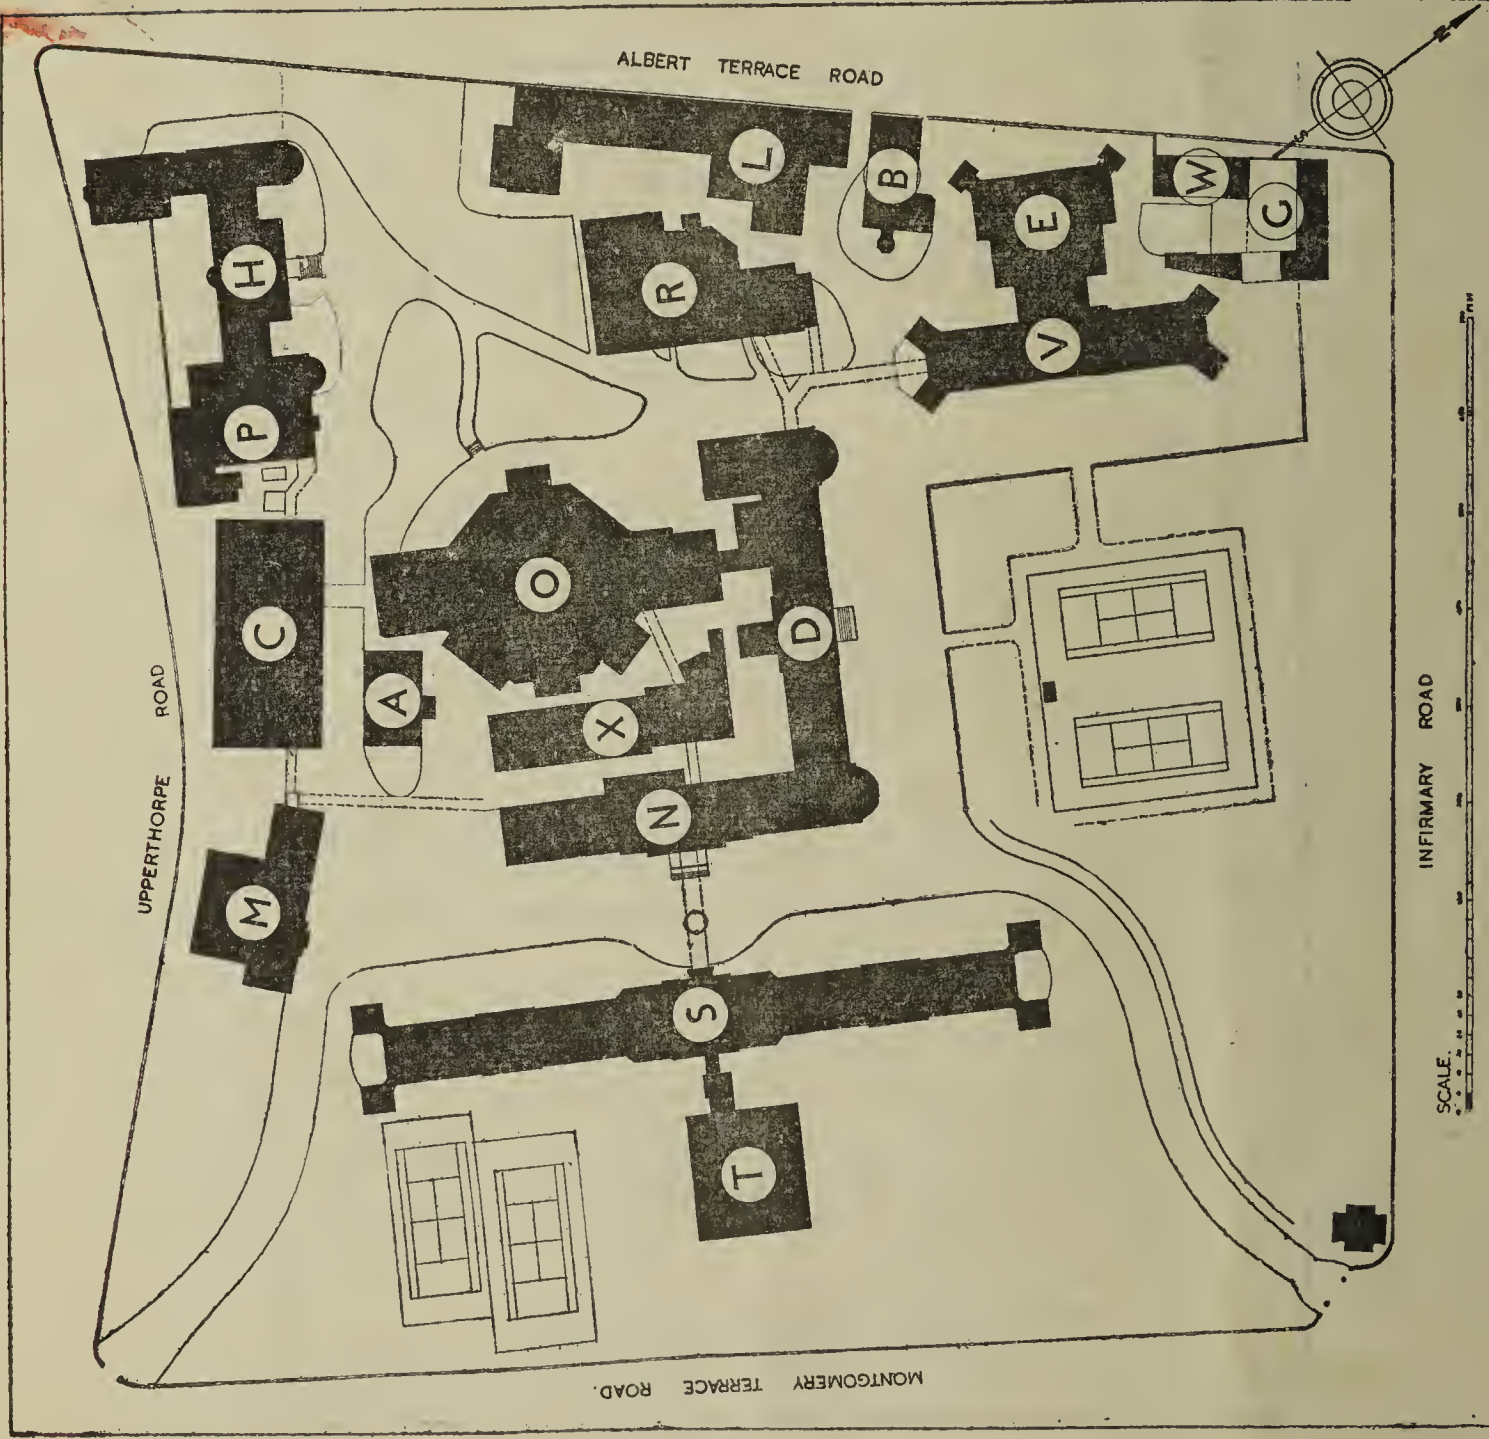

Telephone—Sheffield 20161.
